## Using Jupyter Notebook/Lab

First you must login to the portal found at portal.hpc.uams.edu. If you have not read the portal instructions please do so.

## Go to the 'Interactive Apps' tab and choose Jupyter Notebook

Grace Open OnDemand Files - Jobs - Clusters -	Interactive Apps -	
Notice: We have updated the documentation for the HPC.	Desktops	http://hpc.uams.edu
	Jupyter Servers	
OnDemand provides an integrated, single ac	R Servers	our HPC resources.

You will then be prompted by a window asking you what resources you want to use.

These should be set on a per task basis as typically no two notebooks require the same amount of resources.
